

**SOCIETY OF PETROLEUM ENGINEERS  
DEPARTMENT OF PETROCHEMICAL TECHNOLOGY  
ANNA UNIVERSITY, UCE-BIT CAMPUS  
TIRUCHIRAPALLI-620024**

## **SPE**

SPE Institutional membership started in the year 2009 by The Department of Petrochemical Technology, Anna University, UCE-BIT Campus, Tiruchirappalli. Dr.N.Stalin, Assistant Professor, Department of Petrochemical Technology is the Staff in charge for SPE and Association of Petrochemical Technology students chapter in Anna University, UCE-BIT Campus, Trichy. SPE is the largest individual-member organization serving managers, engineers, scientists and other professionals in the upstream segment of the oil and gas industry. The Society of Petroleum Engineers (SPE) is a not-for-profit professional association whose more than 140,600 members in 144 countries are engaged in oil and gas exploration and production. SPE is a key resource for technical knowledge providing opportunities to exchange information at in-person and online events and training courses, publications, and other resources. SPE maintains offices in Dallas, London, Dubai, Kuala Lumpur, Calgary, Moscow and Houston. The SPE Board of Directors is comprised of industry leaders from around the world. As the policy-making and governing body of SPE, it oversees many of SPE's administrative and operating responsibilities. The board retains final authority on all SPE matters.

### **Our mission:**

To collect, disseminate, and exchange technical knowledge concerning the exploration, development and production of oil and gas resources and related technologies for the public benefit; and to provide opportunities for professionals to enhance their technical and professional competence.

### **Our vision:**

Advance the oil and gas community's ability to meet the world's energy demands in a safe, environmentally responsible, and sustainable manner.

The department has organized various programme associated with SPE, from our beginning as a committee within the American Institute of Mining Engineers (AIME) in the early 1900s, SPE has grown into an independent, nonprofit global society with more than 140,600 members in 144 countries. SPE provides unparalleled insights, shared expertise, life-long learning and community strength to fuel the success of our members and the future of the industry. SPE manages key industry resources including One Petro and PetroWiki, in addition to publishing magazines, books and peer-reviewed journals. We host more than 100 conferences, workshops, and other events each year around the world. Our community of members share knowledge, connect with others in their disciplines and local chapters and support and recognize member achievements in the industry.
